Mercurr horse solarium

Made of impact-resistant heat-resistant plastic, this model has a round cut-out at the horse's neck and is very suitable for situations where less space is available. Its compact construction makes it ideal for the grooming and washing area. The combination of lamps and fans creates a pleasant heat blanket over your horse.

Eigenschappen

Chamfer for horses' necks
Shock-resistant body
Rounded edges
Excellent heat distribution
Ideal in washing and polishing areas
Automatic fans
CE marking
