Washing arm

For washing your horses and ponies, we now have the complete horse shower. This horse shower, also known as washing arm, comes with a top-quality hose, spray gun, and fixing materials for mounting it on the wall of your washing area.

The wash arm is rotatable, measures 120 - 230 cm and is extendable in length. The nozzle is adjustable from spray mist to full jet. The horse shower comes with 7 metres of good-quality hose. All metal parts are galvanised, ensuring a long service life. Delivery includes screws and plugs for sturdy wall mounting.

Swing arm and wall mounting plate are fully hot-dip galvanised, ensuring a long service life.
