The Rug Rack

Smart storage solution for an organised stable

The Rug Rack is the innovative solution for efficient storage of horse rugs and accessories. The vertical, space-saving design makes optimal use of unused wall space, keeping the stable floor free of obstacles. This results in a safe and orderly working environment, essential for equestrian entrepreneurs striving for a professional appearance.

In addition to blankets, The Rug Rack offers versatile storage for various equipment such as saddle pads, girths and fly masks. Its robust construction ensures long-term durability, withstanding the daily demands of stable life. The user-friendly design makes installation simple and hanging or removing items effortless. Moreover, the sleek, modern design adds a touch of elegance to any stable.

Eigenschappen
